

INTRODUCTION :

Unlike these Traitors, Sellouts of the Nation

We are the Real Patriots of South Africa.

In Addition on that

We are SA citizens and the voters in this country.

But what Puzzling us is that, we live or treated like Foreigners in our motherland.

We are sold like Chicken livers or Hot wings to foreign Nation like England, China, Pakistan, Somalian, Ithiopians and so on.

PURPOSE OF THE MEMORANDUM :

1. We want the Removal of the State President Cyril Matamela Ramaphosa including this useless GNU Government as a matter of urgency.

2. We want the Removal of Foreigners

Papers or not, they must be out.

3. We want the Removal of Joburg Executive Mayor so called Dada Morero

SOME OF OUR DEMANDS:

1. No inspection of Foreign Tuck Shops instead we want those Foreign Shops to be Shutdown completely as its meant for only SA Citizens.

Only SA Citizens who are in a Position to Run those business based or Reffering in those Immigration Laws.

2. We also want everything starting from the Land including Mineral Resources from the wrong hands of White Monopoly Capital.

Dada Morero.

The Full Details or Reasons that led to the demand of their Removal are As Follows:

1. REASON WHY STATE PRESIDENT CYRIL MATAMELA RAMAPHOSA TO BE REMOVED :

He is a worse President ever in the history of South Africa or in the world for being too loyal to Foreign Nations abroad even in African countries while ignoring his own Nation he is leading.

He is useless, Toothless, Too Old, Too Damn weak to lead the Nation.

He is so Stingy even unable to contribute by changing lives of under privilege SA citizens.

Unable to Donate even if people don't have Shelters or dying with Floods like in those flood incidents in the KZN, Cape Town to show how Greedy or Stingy he is when it comes to Contribution or Donations.

Mr: Patrice Motsepe, Jacob Zuma are far much better than Cyril Matamela Ramaphosa as they helped the Nation affected by floods, funding School Children at Tertiary level in order to further their studies through their Foundation.

That on it's own clearly shows that

We are on our own in this Country.

Worse part, he is so weak or sleeping even if the innocent young children are dying through poisoning from Somalian Tuck Shops in Naledi, Diepkloof and in other Townships.

Our cries fell to his Deaf Ears, turning a blind eye pretending as if nothing Happened because he doesn't care, he don't feel our pain as long their children are Safe in the Comfort Zone in the Suburb Areas.

We even ask our selves

Why ANC preferred to choose a Pensioner who is very weak out of millions of its members that includes well educated Youth.

It means ANC undermines the Youth that is a future of this country.

If you may ask yourself

Where was Cyril Matamela Ramaphosa during the Struggle against Apartheid Regime ?

1.His name is not in the list of freedom fighters who went to Exile

2.His name is not in the list of freedom fighters who were arrested during Apartheid Regime.

3.His name is not in the list of freedom fighters who were killed some through Gunshot some through hanging.

4.His name is not in the list of Freedom fighters who joined Umkhonto Wesizwe or APLA the Right Wing of Pan Africanist Congress of Azania the PAC.

Instead he is a suspect or alleged to be one of the informers during Apartheid Regime.

The Late ICON Oliver Reginald Tambo once asked a question that

Who is this Umbrella Man during the time they went to welcome back President Nelson Mandela from Robben Island.

Oliver Tambo was referring to Cyril Ramaphosa to show that he wasn't known even by Real freedom fighters of this country.

Oliver Tambo was smelling a Rat or dead fat cat that something

## 2.THE REASON WHY FOREIGN NATIONALS TO BE REMOVED.

SA immigration Laws speaks about

1.Mass Deportation of Illegal immigrants (In accordance with IMMIGRATION ACT 13 of 2002, Section 32 (2)

2.Stop Employment of Illegal immigrants ( Employers are Violating IMMIGRATION ACT 13 of 2002 38 (1)

3.Employment of South African first unless you prove diligent search locally and couldn't find it "Critical Scarce Skill"

( Compliance with IMMIGRATION ACT 13 of 2002, section 19 (19)

In Addition :

In Terms of of Section15 (1) of the immigration Act no:13 of 2002

A person who intends investments in the South Africa economy by establishment a business or by investing in an existing business in the Country must apply for a Businesses Visa.

According to Chapter 2, Section 23 of the South African Companies Act, a foreign Entity must Register with the South Companies and Intellectual Property Commission ( CIPC ) within 20 working Days after it has begun to conduct Business in South Africa

4 Foreigners must only be allowed to open Business in SA if their Investment is at least Minimum R5 Million, this implies that immigrants should never be allowed to Operate in Informal Trading such as Salons, Spaza Shops, Selling Veges - which are Reserved for LOCALS ONLY

( IMMIGRATION ACT 13 of 2002, 15 (1) )

IN ADDITION :

1.The majority got Fake Documents

2.They do serious crimes that includes Murder, Robberies, Fraud, Hijackings including hijacking of our City buildings, Kidnapping, Human Trafficking, Selling of Drugs, Nyaope, illegal businesses including Fake Products, Fake Prophets Manufacturing fake, selling Poisonous food to our societies including to miner children , not creating jobs besides hiring their nation or Malawians.

Furthermore

These Foreign they Do Zama-Zamas meaning illegal Mining, Cable Theft, Vandalizing our Infrastructure, own Fake I.Ds, owning RDPs and Rental Flats that includes Joshco that is a social housing in our Townships.

They make our Cities, Townships Untidy and Stinking on daily basis, No Hygiene .

They take our Jobs as cheap labours ,

Imagine even in the security industry is run by foreign Nationals to show that we are not Safe, they are all over work without PSIRA certificate and no Action taken about that, they take our Business, Hijacking City Building, misusing state Resources that includes treatment in our Government Hospital, SASSA Grants, Water and Electricity for free, furthermore

We are the victims of Poverty as we are unemployed, struggling with our children who even don't have transport fees to School, Those who passed Matric are struggling to further their Education at Tertiary levels because of lack of funds and ended up Boozing or in Drugs

Cyril Matamela Ramaphosa GNU Government is nothing but a Curse to the Nation.

There is a lot to say about foreigners.

Recently more than 20 children died after buying Chips in the Somalian Tuck Shops

To show that our Government including the State President is too Damn weak

They preferred to be more loyal to foreign Nationals than SA citizens

The death of those innocent children wasn't taken serious as the Somalians or foreign business / Tuck Shops still selling or Operating as usual as if nothing happened

Furthermore those Tuck Shops deserves to be Demolished as their buildings are illegal,

No Aproved Plan from the City, the Landlords built those illegal structures on Top of Sewer Pipes and under Electricity Cables.

Thats is part of disrespect in the laws of this country.

Law Enforcement By-Lawys are too Damn weak as they fail to Demolished those illegal structures that are Misused to Operate Tuck Shops.

Government Police or Law Enforcement earn Government money for Mahala, taking bribes while this Country is Messed Up by Foreigners.

Instead of Shutting down the Tuck Shops

Metro Police prefer to come with Government inspectors to do inspection busy checking the Stock

If you may ask

For what ?

Meaning they want these Tuck Shops proceed with Operation and that we must keep on Buying

Ramaphosa is a floap of the Century as he Addressed the Nation Authorizing Business people including Foreigners gave them 21 Days to go and register their business while he knows Immigration Laws ,furthermore he extended to 28 feb 2025

Those Foreigners Tuck worth far less than R5 Million meaning they Operate illegal.

Somalians were given more Privilege to register in our local Municipality office in our Townships while SA citizens were ordered to go and Register far away in Joburg

That was a strategy to make things difficult for our local business people.

### 3.City of Joburg Executive Mayor

Dada Morero must be Removed because

1.He wanted or tried to hire or Recruit Foreigners to be Joburg Metro Police while we got plenty unemployed including youth with Degrees, Diploma sitting at home unemployed

2.Dada Morero did nothing to Shutdown Somalian Tuck in Joburg even after more than 20 children in that Municipality died under his nose

3.Dada Morero including Housing MMC Mlungisi Mabaso are both implicated in the Relocation of Hijackers of the building in Joburg CBD to Fluerhof

There are allegations that foreigners are also benefining in that Relocation process

Some believed to be using SA citizens I.Ds to get access to those Flats

4.There was also a time of violence in City of Joburg when PIKITUP temporal employees were left behind during that recruitment process instead people from other province and some believe to be close relatives of certain officials at Pikitip got jobs there.

Joburg Mayor Dada Morero failed completely to Resolve issues under his leadership.

His conduct makes us to suspect him to be a Foreign National.

South Africa is a Banana Republic that is well known by doing Corruption.

Even our Law Enforcement meaning both SAPS, Metro Police including SANDF and certain Home Affairs officials that are dealing with immigration are also suspected to be involved by taking bribes from foreigners

Go to another Industrial area and informal Settlement nearby, they do it on daily basis.

Those are some of the areas targeted if the Police want to make cash

You always see Police Van going inside the

Companies with Foreigners only

They go there every few hours per day, 7 days a week and proceed to Zamimpilo informal where Basotho Zama-Zamas do mining.

Those Police proceed with their business as usual leaving illegal immigrants that Includes Dangerous Basotho Zama-Zamas behind not arrested.

That is why immigrants are able to get an access to SA borders so easily and no arrest of illegal immigrants besides taking of bribes.

The selling of SA to outside countries still continues

In 2011 China once killed or assassinated a South African woman called Linden who was implicated in Drug dealings in China.

Instead of fighting back China because the very same Chinese kill our Rhinos in order to be rich by selling Rhino horn

Our government preferred to make a good Relationship or a deal with China by Forming what we call "BRICS".

The Selling of the Country got a long Way Back.

It started back in what we call Freedom Charter back in 1955.

Freedom Charter speaks about equal sharing or distribution of our wealth including our Land and Mineral Resources with White Nation that includes Afrikaaners.

How can we share our wealth with White from England , Afrikaners who are also outsiders or foreigners in the African Soil as they came through an Ocean from Holland in Europe.

They came here and confiscated everything that belongs to us the black Nation.

Our fore fathers were over Powered, forced to surrender even killed dying for our wealthy

Womans were kidnapped, Raped, pregnant by force because of bullying by whites including Afrikaners.

Today they are the one who are Rich through our wealth and leave us citizens under Privilege.

And on the other side

This useless Government is teaching us about Reconciliation

This promotion of Reconciliation is even in our Calendar to show how useless our government is.

How can you promote Reconciliations while we are still nursing the bruises of Apartheid

Worse our land and Mineral Resources still in the wrong hands of White Monopoly Capital till today.

On the other side we are piled up like Packet of Meal-Meal in the flats as we are treated as if we don't have right to own land on the other side

Chinese are given land to come and sell Fong-Kong here.

Around 1990 during CODESA-1 CODESA-2 led by Cyril Ramaphosa, Rulf Meyer, Thuli Madonsela, Bishob Desmond Tutu were part of the Negotiations

It was a continuation of the selling of the Nation.

They were pushing this Reconciliation thing with the aim of selling the Nation to White Monopoly Capital.

Who is fooling who in all this thing ?

Since 1994 first national elections under Former president Nelson Rolihlahla Mandela.

We never enjoyed the Freedom as South Africa in this country as the whole world not thousands but Millions in flux in SA

Since then, we are the victims of oppression, Dangerous crime from outside, Poverty, unemployment under so called Government of the People only to find they are fooling us knowing that its a Government that represent Foreign Nationals instead of its citizens.

Today we are unemployed, we are the Victims of dangerous criminals from outside countries under their nose and pretend as if nothing happened.

Since 1994 black President are not heroes instead were just Papets, the Trators, Sellout, Hyenas under Sheep skin busy serving the interest of the west including African countries than its citizens.

Former President Nelson Rolihlahla Madela once address the Nation with a Disgusting speech till today that Says

"South Africa Belongs to all Who Live In It"

What helle is That ?

It go as far a Rainbow Nation with a Rainbow Flag ZA

That's a Selling of the Nation.

In SA Government ,

If you are over 35 years you don't deserve to be hired but our Votes contributed to Put Government in Power during Elections but after Election our Vote means nothing as we are not considered as if we don't Exist in this world.

If you may ask

Why over 35 must go and Vote if they don't deserve chance or are not considered as they don't Exist in this country ?

Same like in the Mines

We don't need Tenders or Contractors in the Mines ,

We don't want Foreigners in our City Buildings as it is all over the country, worse Hilbrow, Berea etc.

Those City buildings are meant for SA citizens not foreigners That is a insult to the Nation , We need clear answers and Resolutions in everything writtern in the Memorandum as a matter of urgency.

## IN CONCLUSION :

1. We don't want a Papet like those President in Parliament
2. We don't want Traitors in Parliament
3. We don't want Snakes in Parliament
4. We don't want Judas Iscariot in Parliament
5. We don't want Hyenas under Sheep skin in Parliament
6. We don't want Pensioners in Parliament
7. We don't want People who are sleeping on duty in Parliament.

Due to the fact that

We don't have a confidence to the state President Cyril Matamela Ramaphosa

He is also labeled as a person who is implicated in most of things

Check the list above including Phalaphala Scandal make thing's even worse

He is also broke the laws by keeping or hiding not even thousands but millions under his Bed maybe even under Carpet without any Disclosure of those large sums from abroad and thereafter he didn't end there

He hired foreigners while he understands fully the Immigration laws of this country to show that he is not good to lead the Nation, he is breaking the very same law that we must abind to it

Therefore

Cyril Matamela Ramaphosa don't deserve to stay in Power instead he deserves an Axe

He must be Removed with immediate effect.

Foreigners also don't have nor land or place to stay here

They are dangerous and not good

They must go back to their wives and innocent children back home who grew up without their fathers.

To the African National Congress (ANC) NEC

Please make sure

The Removal of Cyril Matamela Ramaphosa occur as a matter of urgency as he want to bring more Nigerians here after experiencing Over-Population

Besides that , Nigerians are well known by doing serious Crimes including Drugs, Fraud, Human Trafficking

President Cyril Ramaphosa prefer Nigerian to bring their products in the SA Market instead of Funding local Businesses as part of Uplifting our Nation.

How long Truck Drivers fighting the Oppression in their companies because of Foreigners who took over as first preference in the companies because,

- 1.They don't fight for Benefits
- 2.They don't fight for money for over time including holidays
- 3.They don't want to join Union or to fight for increase at work
- 4.They are here to spy and make SA drivers fired at work by the company and its a strategic plan to create jobs for their African brothers.

Our Government failed us in all four corners of the Nation

You know what ?

We don't want to go back to 1976 Riots,

We don't want to go for a Civil War of which we don't mind to go there if we are ignored or pushed as its a norm of ANC Government including this GNU thing to ignore the citizens and the voters in this country hence we are saying , they waist our time

Therefore , they must step aside and give others who will do much better than this .

Kindly Regards

The Patrioits of South Africa.
