Memorandum of Demands to the Presidency ZA and the Police Ministry

From : uMkhonto Wesizwe Party (MKP)

To : Presidency ZA

Cc : Police Ministry

Delivered by : Hon Dr. Mandlakayise Hlophe

Date: 18 July 2025

Preamble

We as uMkhonto Wesizwe Party (MKP) view July as a month of injustice, the events of the unrest of July 2021 are still fresh in our memory, we cannot forget that this President presided over one of the most chaotic period in the history of our country. To top it all he entered into coalition with the DA in a deliberate plot to destroy the state by the reactionary and counterrevolutionary government masquerading as a GNU.

We believe that Mr Cyril Ramaphosa is not fit to lead our country and must do the honourable thing and resign immediately. We are so disappointed at President Ramaphosa for calling a media briefing to tell the country that Minister Mchunu is going to be put on special leave and that he is establishing a commission of inquiry. Ramaphosa knows that the reports of commissions are delivered to his desk and gather dust. This is an urgent criminal matter that does not require reporting between

three and six months by some commission. Most of these commissions are used as a haven and protection racket for those close to President Ramaphosa. When crime is exposed now, it needs to be dealt with now.

We are marching today reflecting on the significance of this day, it is known as the international Mandela day where people around the world reflect and take time to act in a way that serves humanity. We believe that a time such as this one the first commander of MK the liberation army would call for us to do to the ANC what we did to the apartheid government.

The ANC of Cyril Ramaphosa has turned the ANC of Oliver Tambo into a scavenger feeding on the black masses it was founded to liberate. It is behind this unfortunate realisation that today we deliver this memorandum as we refuse to submit but vow to fight for tot's liberation of our people.

Therefore we demand the following:

1. An immediate resignation by the President of South Africa Mr Cyril Ramaphosa
2. The immediate arrest of those implicated by Lt. General Mkhwanazi
3. The immediate firing of Mr Senzo Mcunu
4. No judicial commission of inquiry but a court case for alleged criminals
5. An immediate reinstatement of the KZN Political killings task team
6. The immediate unsealing of the CR17 bank statements
7. Accountability for the Phalaphala gate

This government is given 14 days to respond to our demands.

On behalf of MK Party.
