732 arrests for pedestrian
source of danger

3137 Vehicles weighed at
weighbridges

Festive Season 2025 Driving under Influence

Drunk driving:

Drivers to make use of e-hailing and have a sober buddy system, we are in partnership with Aware.!Org and SAB for responsible drinking

Presenting at the National Chiefs Forum in Bryanston marked an important moment for [Aware.org](https://www.aware.org.za/) and the collective effort to build safer roads in South Africa. The discussion allowed us to reflect on what we have achieved together, acknowledge progress made, and explore new ways to strengthen our work, refine our approach, and unlock fresh possibilities.

Our partnerships with law enforcement, government, civil society and industry remain the driving force behind real outcomes on the ground. The dialogue reminded us that meaningful change grows from shared responsibility, open engagement and consistent action.

As we move into the festive season and look toward 2026, we stay committed to deepening relationships, advancing solutions and pushing for reduced harm on our roads. We value every ally who stands with us. Together, we move forward with purpose and momentum.

- Building-related contraventions: 27
- Fire Safety: 23
- Waste management: 4
- Prohibition notices/Public Health: 8

June-October 2025 Operational Performance: Crime Prevention

- 326 Crime Prevention Operations

Tshwane Metro Police Department arrested 25 illegal immigrants during sting operations

The Tshwane Metro Police Department (TMPD) officers, in collaboration with other law enforcement agencies, conducted sting operations in two separate locations in Tshwane, aimed at enforcing immigration laws. These successful operations are an ongoing effort in Tshwane, to enforce the law and apprehend law offenders that are perpetuating these crimes.

On 7 October 2025, TMPD Region 6 officers, together with other law enforcement agencies, conducted Operation Tshwara Motho in Nellmapius, Pretoria East. During the operation, 12 illegal immigrants were arrested for being in the country without the required documentation. This lawless behaviour was met with the full force of the law, as firm enforcement is necessary against those who contravene the laws of the country.

A second integrated operation, involving various stakeholders, was conducted by Region 7 members in the Bronkhorstspuit and Ezithobeni areas. An additional 13 illegal immigrants were arrested for contravening the Immigration Act, 2002 (Act 13 of 2002). These successful operations reflect the TMPD's commitment to establishing a strong presence in protecting Tshwane residents from illegal activities. All the arrested suspects were detained at local police stations.

TMPD is committed to maintaining law and order, ensuring public safety and promoting compliance with local regulations. Well done to all officers involved.

June-October 2025 Operational Performance: Crime Prevention

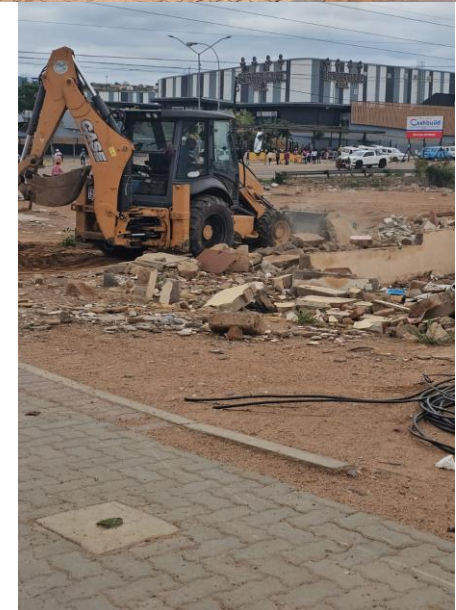

- 200 Land invasion incidents were responded to and patrolled proactively at hotspot areas
- 2383 illegal land invasion structures demolished
